THE NEW X-SERIES SOUND THAT MOVES YOUR HOME

Perlisten introduces the new X-Series – a versatile speaker range designed to bring high-quality sound into every corner of your home.

With both on-wall and in-ceiling options, the X-Series blends seamlessly into any interior, making it ideal for whole home audio.

Inspired by Perlisten's premium speaker lines, it delivers a refined listening experience at a more accessible level.

Perfect for creating a cohesive home sound experience, room by room.

BLENDING SEAMLESSLY INTO YOUR INTERIOR,
IT DELIVERS A RICH, IMMERSIVE SOUND EXPERIENCE

- Perlisten Audio

THE INVISIBLE

WHEN SOUND DOESN'T JUST FILL A ROOM – BUT TRULY TOUCHES BOTH YOUR HOME AND YOUR HEART.

Perlisten's new two-way in-ceiling speaker is designed to bring that feeling into every corner of the house. Blending seamlessly into your interior, it delivers a rich, immersive sound experience far beyond traditional ceiling speakers.

Inspired by the acclaimed S- and R-Series and shaped by the refined design of the A-Series, it carries the unmistakable Perlisten signature – with wide, room filling sound that feels as natural as it is powerful.

This isn't just multi-room audio.
It's sound, beautifully in your home.

Finishes

Satin Black or Satin White

Includes mounting bracket, 15° angle adapter and grill

THE INVISIBLE

TWO-WAY IN-CEILING SPEAKER

Finally, Perlisten has created a two-way in-ceiling speaker to capture the rest of the house. This speaker is unique as it builds upon the wave guide of the A-Series which offers wide dispersion and excellent on and off axis response that Perlisten is known for. This isn't your typical in-ceiling multiroom audio speaker. This is Perlisten through and through trickled down from our famous in-ceiling top speakers in the S- and R-series blended with the A-Series value.

(X2ic

TWO-WAY IN-WALL SPEAKER

Designed as a higher-output in-wall option in the X-Series, the X3iw shares the same design philosophy as the X3w, offering exceptional timbre matching throughout any X-Series system for cohesive, natural performance.

Finishes

The X2ic and X3iw comes in satin black including a white paintable metal grill

X-SERIES MOUNTING PLATE INSTALLATION GUIDANCE

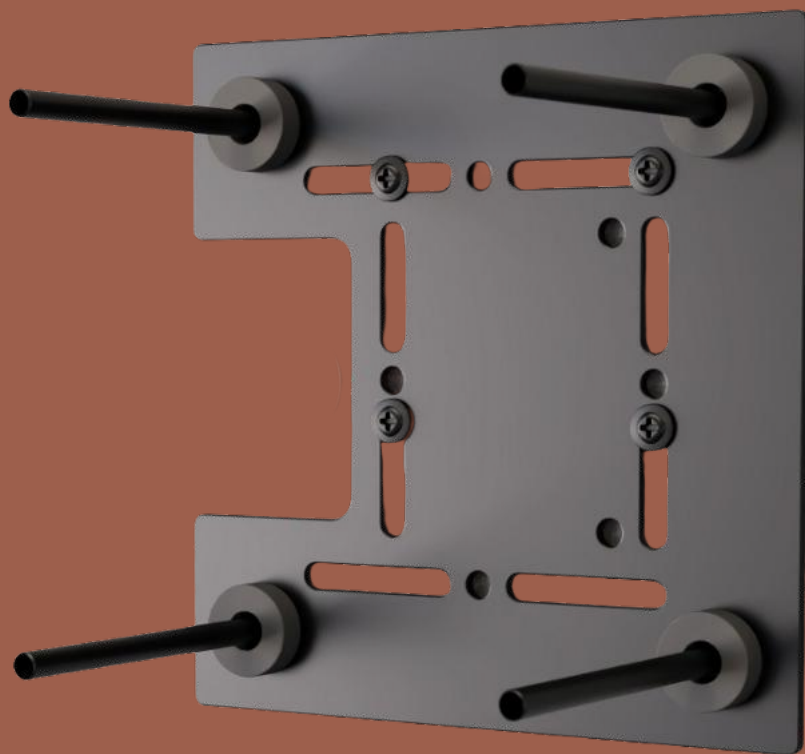

The X-Series Mounting Plate from Perlisten Audio is designed to simplify and secure the installation of X-Series speakers. The mounting solution is engineered for seamless integration and provides a stable foundation for precise speaker placement.

To support installers and end users, Perlisten has also included a detailed installation video that walks through the complete mounting procedure step by step.

The guide demonstrates the correct setup process and highlights important considerations to ensure optimal positioning and performance.
